

Dear students,

At the end of the current academic semester, I would like to express our gratitude and appreciation for the efforts of all professors in holding classes and producing virtual content and lessons, and the continuous participation of students in virtual classes. The performance of the esteemed professors of SUTIC has had an acceptable and appropriate result, and this has been due to the time and attention of the professors to maintain the educational quality of the campus. As we approach the end of the current academic semester, it is necessary for students to continue their learning activities until they achieve the desired result.

According to the decision made by the 'National Headquarters to Combat Coronavirus', 'Kish Island Health Council' and 'SUT Headquarters to Prevent Coronavirus' in order to maintain the health of students, professors and their families, **the final exams of SUTIC will be held virtually**. It should be noted that the time schedule for holding the virtual exams at the end of the semester is in accordance with the schedule which has already been announced. Finally, students are advised to take the online classes seriously. Additional information will be provided through campus information channels and e-mail.

Academic Department of Sharif University of Technology, International Campus
